ISIS - UserTestPlan #4516

gllnims2isis - Import archived Galileo NIMS to ISIS3

2016-11-03 03:21 PM - Tammy Becker

Status:	New	**Estimated time:**	0.00 hour
Priority:	Normal		
Assignee:			
Category:	Applications		
Target version:	3.5.0 (FY17 UserTestPlan Sprint #1)		

Description

Mentor: Kris Becker

Galileo NIMS is a "Grating Spectrometer" camera type.

The archived products are in map projections possibly not supported by ISIS3 at this time.

The products do have lat/lon backplanes.

Not sure how related this application will be with the pixel offset issue for testing.

It is worth establishing a user test plan at this time in order to track and have available for future development
